Pan American Materials Congress: Nanocrystalline and Ultra-fine Grain Materials and Bulk Metallic Glasses

Submit Your Abstract at www.tms.org/PanAmCongress

The goal of this symposium is to present the latest research and developments being advanced by the Pan American scientific community in bulk metallic glasses, nanocrystalline materials, and ultrafine-grain materials.

Specific theme areas for abstract submissions include (but are not limited to):

- Severe plastic deformation
- Mechanical properties
- High entropy alloys
- Dynamic behavior
